CHRONOS II

Stylish DAB & FM Clock Radio

energy saving recommended

EcoPlus

DAB Digital Audio Broadcasting digital radio RDS

Chronos II maintains the stylish design and aluminium facia that made the original so popular, but is now available in two colours, has an improved display, automatic light sensor and includes FM with RDS.

If you haven't experienced DAB digital radio yet, you're in for a treat. Select stations by name, see news and track titles on the scrolling text display, tune at the touch of a button, and listen in crisp, clear, digital-quality sound. And there's more listening choice on DAB – in many areas up to twice as many stations as FM.

Of course, Chronos II still has plenty of bedside features, such as a large clock display, four independent alarms (each of which can be set for weekdays only, weekends only or as a one-off), a snooze timer and a sleep timer.

Other features include PURE's Intellitext®, for browsing stored scrolling text, textSCAN™ to pause and control scrolling text and a USB port to add new features as they become available.

4x

Four independent alarms wake you to DAB, FM or a tone alarm

Features

- Four independent alarms: wake to tone, DAB or FM and set different times for weekdays and weekends.
- Light sensor automatically adjusts the display brightness to suit the light levels in your room.
- Intellitext — Browse stored scrolling text. Intellitext is available from participating stations.
- textSCAN to pause and control scrolling text.
- Listen through headphones (mutes speaker) or connect the headphone output to your stereo and use as a DAB tuner.
- 20 Presets — 20 station presets (10 DAB and 10 FM).
- RDS for FM station name display and scrolling text.
- USB UPGRADEABLE — Add new features as they become available via USB.

EcoPlus products are designed and manufactured with the environment in mind, and feature:

- reduced power consumption (see graph opposite)
- use of materials from recycled and sustainable sources
- the smallest possible packaging
- components selected to minimize environmental impact
